TAVO-r

PENDANT LUMINAIRE

ADVANCED OPTICS

Tavo's ultra-thin optical light guides harness the raw flux of LEDs and precisely control and deliver light to work spaces with advanced micro optical elements.

INNOVATIVE ENGINEERING

Nulite's highly engineered luminaire joining design allows for simple and intuitive assembly in the field without tools. It's torsion latches act as springs and ensure that luminaire rows snap into a laser straight line.

MODERN DESIGN

Tavo's timeless and minimalist design complements any interior architectural environment.

SIMPLE INSTALLATION

Unique small-scale canopy power supply works with all types of ceilings while fitting into the tightest spaces. Innovative canopy design allows for driver access without removing the luminaire.

CONSTRUCTION Extruded aluminum housing with die cast aluminum end caps. Powder coat white finish is standard. Optional silver, black or custom colors. **OPTICS** 4mm thick acrylic optical lightguide coupled with high efficacy mid power LEDs delivers controlled light distribution to create uniform ceiling surfaces and wide luminaire spacing for low glare and high visual comfort environments. **DRIVER/ENCLOSURE** Standard constant current electronic driver housed in a separate enclosure with 0-10V dimming input; dimming range from 100% down to 1%, other dimming options are available. One remote driver enclosure per unit. Universal (UNV) voltage is from 120 - 277V, 50/60 Hz. **LED MODULE** Distributed LED array in a variety of lumen output packages. LED color is available in 3000K, 3500K or 4000K with CRI of 80 or 90. Modules are replaceable. L90 ≥ 100,000 hours. **MOUNTING** Linear individual or continuous run. **LABELS** ETL listed, conforms to UL Standard 1598 / 8750 and CSA Standard C22.2. Damp location. **WARRANTY** 5-year limited warranty on LED and Driver.

Notes:

1. Nominal output for 3500K
2. Consult factory for custom lumen package
3. Consult factory for additional options
4. Consult factory for specifications and custom dimming options
5. Please specify 1 - 120 volt or 2 - 277 volt
